

International Foundation Program

About NTUNHS

Bachelor of Long-Term Care

NTUNHS has cultivated outstanding nursing and healthcare professionals, leading the advancements in nursing technology and vocational development in Taiwan. Through the efforts of our faculty and students, NTUNHS has consistently ranked within the top 100 globally in the ARWU Ranking for the field of Medicine-Nursing for three consecutive years from 2019 to 2021.

This year, we are proud to be ranked 62nd globally, 9th in Asia, and 1st among national universities in Taiwan in the QS World University Rankings for Nursing. Moving forward, NTUNHS will continue to strive to nurture more exceptional talents in the field of healthcare and health sciences.

About College and Program

The College of Health Technology aims to modernize health care management by incorporating information technology and management knowledge to meet the demands of enterprises and society. Students will study Mandarin in the first year and learn both theoretical knowledge as well as practical technique for the upcoming two years.

Students who graduate from this program will not only have professional expertise but also equip with at least intermediate Mandarin skills, which makes them bilingual advantage to develop better career opportunities in Taiwan compared with peers.
